Implementing Adaptive Phased Management 2011 to 2015

DRAFT FOR PUBLIC REVIEW

1. The draft Plan is built around seven strategic objectives. Are the objectives that we have identified appropriate? Have we missed key areas?

Under the governance and accountability objective you need to state some dollar figures for each.

2. The draft Plan identifies work and activities we propose to undertake to accomplish these objectives. Have we set out appropriate activities?

No, we need more involvement in determining actual costs in today's dollar figures

3. The draft Plan is intended to anticipate the challenges ahead and plan for them. Over the next five years, what are the key challenges that will need to be addressed?

The costs associated with deep geological repositories. Give us a range of figures for construction of and perpetual maintenance of

4. What will the NWMO need to put in place to respond to these challenges?

A perpetual management structure as nuclear wastes last virtually forever.

5. Other comments, questions or suggestions?

Before going ahead you need to inform the public of what the costs of permanent nuclear waste management will be. Give a range in today's dollars, a guesstimate.
