Dear Dr. Ande Kalvins, Director, Environment,

This letter contains my responses to the questionnaire "Implementing Adaptive Phased Management 2010 to 2014 (Draft for review)".

Q1. The draft Plan is built around seven strategic objectives. Are the objectives that we have identified appropriate? Have we missed key areas?

A: Yes, I think that the NWMO have identified appropriate objectives. I don't think that the NWMO have missed key areas.

Q2. The draft Plan identifies work and activities we propose to undertake to accomplish these objectives. Have we set out appropriate activities?

A: Yes, I think that the NWMO have set out appropriate activities. In the area "Build Sustainable Relationships", does those relationships with interested individuals and organizations are only in Canada or abroad too?

Q3. What more would you like to know about the NWMO's implementation plan?

4: If the Members are controlled by provincial governments, Does the province shares responsibilities for parts of applications of the NSCA and Transportation?

Is ITRG (Independent Technical Review Group) inside NWHO or outside? If outside, who controls ITRG?

What is Miigani (members)?

24. Other comments?

A: Does IAEA (International Atomic Energy Agency) is governed by UN or other Organization?

Is it absolutely necessary that a unique site should be chosen?

When, in 2011, will the next triennial report published?

Sincerely,

Main Piche

MR. ALAIN PICHÉ
